SCHAEFFLER

Stronger, Smoother, Quieter
Schaeffler Needle Roller Bearing

Bearing Solutions for the Engine System

The Schaeffler needle roller bearings, with substantially improved load ratings, offers higher performance, longer service life, reduced friction and lower bearing temperatures. The result is greater efficiency for your applications and an unbeatable price-to-performance ratio.

Applications

Value added solutions for Needle Roller Bearing

- German Engineering, world class quality made in India
- Reduced noise and increased durability
- Improved lifetime, reduced maintenance cost
- Reduced friction and lower oil demand
- Reduced CO2 emission through innovative engine components

Now available in specially designed roll packaging

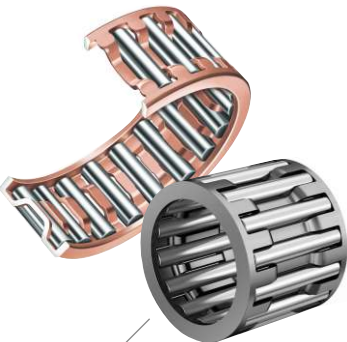

Product Offering

INA Needle Roller Bearing

Designed for radially compact bearing arrangements with very high load-carrying capacity, delivering upto 50% longer service life

KZK

Needle Roller and Cage Assemblies for crank pin bearing arrangements

HK

Drawn Cup Needle Roller Bearings with open ends

BK

Drawn Cup Needle Roller Bearings with closed end

Product range for all application needs

Sr No	Bearing type	Bearing Description	Application	Customer/Model
1	BK	BK1312-A	Crank case Bearing	Bajaj 4S champion
